From the recognized leader in abrasives, Mill-Rose brings you Blue Monster premium open mesh and Ultra-Flex® abrasive cloth. These revolutionary, high-performance abrasives are tough! Blue Monster outlasts all others in the most demanding conditions, wet or dry. Ideal for deburring and cleaning tubing, fittings and parts, Blue Monster works on copper, brass and other metals, as well as all types of plastic. Plus, Blue Monster's wider design provides more surface-to-surface coverage making it easier and faster to prep large-diameter tube and fittings.

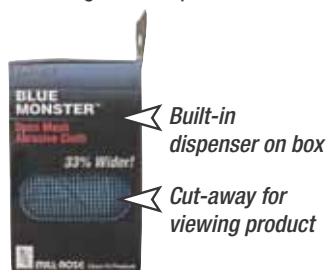

2" width - 33% wider than traditional plumbers' rolls

- Premium blended 165 grit white Aluminum Oxide cuts and scores surfaces faster for more effective cleaning and deburring. Traditional open mesh plumbers' rolls typically use less aggressive grit material.
- Waterproof – Wet conditions have absolutely no adverse effect on the performance or durability of Blue Monster open mesh.
- 2" Width – 33% wider than traditional 1-1/2" wide plumbers' rolls. Blue Monster provides contractors with more “surface-to-surface” coverage.
- Bright Blue color – Bright color makes it easy to find in dark or low-light work spaces.

- Super flexible Ultra-Flex® backing conforms to tight work areas. Blue Monster is unlike any other sand cloth. You can actually feel the difference.
